## WHO WE ARE

The Refrigerated Foods Association (RFA) is an organization of manufacturers and suppliers of refrigerated prepared foods united by a common interest: to advance and safeguard the industry.

We develop programs to enhance and promote food safety, strengthen the operating practices of our member companies, and foster a networked community to share information. By pooling resources, the association can develop valuable programs that an individual company might find prohibitively expensive.

Members include manufacturers and suppliers of wet salads, refrigerated entrees and side dishes, dips, desserts, soups, and ethnic foods, as well as companies engaged in business operations related to the refrigerated foods industry.
